THE TURN OF THE TIDE.

You may fiddle your fife, like a bantler his game,
And exult in the roar and the rattle,
While the multitudes shout, and the caucous blaze out
The praise of the victor in battle;
But the victor will pine, when the shoutings subside,
And another will shine, at the turn of the tide.
You may garner your gain, like a farmer his grain,
And boast of your bonds and your money;
You may gather your wealth by struggle or stealth,
As gathers the bee its honey;
But your money will pall, in the heat of your pride,
And turn into gall, at the turn of the tide.

You may subjugate men, as swine to the pen,

By the rod of the owner are driven;
You may flourish the whip, with a merciless grip.

Whole force to your fingers is given;
But your fingers will fail, and the men you deride
Shall flourish the fail, at the turn of the tide.

A Sharpsburg dispatch says the prospects in that section of the White Burley District indicate that there will be no tobacco pool this year and that every grower will shift for himself and will sell his tobacco when and to whom he likes.

In praise of his macabre hero;

But the tyrant will bleed, when the Judge shall decide,

And the slave shall succeed, at the turn of the tide.

The drawings of the proposed piers for the steel truss or viaduct over the Public Landing at Cincinnati were on exhibition on the Chamber of Commerce floor. They show that there will be two bridges or long spans, 50 feet long and 15 feet from the pavement, but do not show where the long spans will be located.

A BEAUTIFUL FIRST PART.

John W. Vogel of the Big City Minstrels has gone into expenditure regardless in his sumptuous Velour First Part setting, with its 1,000 incandescent lights, and drapery at \$10,000 per yard—the spectacular splurge cost \$10,000 completed. Less enterprising rivals carp "reckless," but the liberal output and the gorgeous display has already proven to the proprietor and his patrons that he is quite rational indeed.

John W. Vogel's Big City Minstrels will appear at the Washington Theater next Monday night.

"Hechinger Clothes" are unshackled—clothes with the dash and daring and "snap" and "swing" that the latter-day boy, youth, young men and men who want to remain young demand in their dress. A look in our windows will convince you that we have sustained our position in the clothing world and which is only equaled in the largest cities. Our Furnishing Goods Department is complete with the choicest novelties for spring that could be procured. In our Hat Department it indeed would be a sore disappointment could we not please a customer.

SPRING ARRIVALS.

Every day attractive novelties are unpacked. The ones we mention are only a few of many. Come in to see them all.

The New Suits

In coats the straight effect prevails, and the waist line is practically ignored. Skirts are gored and as a rule severely plain. The color line embraces countless shades.

The New Dresses

In cloth, messaline, foulard and rough silk are all princess but with variations that make each gown distinct from the others.

The New Waists

In messaline, net and lingerie are dainty and beautiful. Severe tailored effects are also shown in linen and batiste.

The New Petticoats

Soft finished taffeta in black, white and all the new spring shades, cut on lines that conform to the clinging modes of the day.

The New Silks

Are legion in weave and color. Taffetas, Foulards, Messalines, Crepe de Chines, Pongees, Rajahs, Marquises and Fancies. Don't miss the superb values we offer during our silk sale which will continue for one week.

At the Same Time a General Riddance of Winter Suits is Still Going On

Prices are low beyond all reasonable expectations. These garments are as much suited for spring as for winter wear, but there are only a few left in broken sizes; therefore, they are scarcely priced at all in order to make way for 1909 modes coming in.

CAPTAIN QUALTROUGH of the battleship Georgia should have gone dry when Georgia did.—Birmingham Age-Herald.

NOW if Colonel MAXIM will only invent something to prevent the bullet from coming out of the gun everybody will be happy and nobody hurt.

In the fire which destroyed 300 lives in the Flores Theater, Acapulco, Mexico, the blame for the calamity has been fixed upon the moving picture man. Thus the organist was not censured probably because he was doing the best he knew how.

LEXINGTON is making a great to do over the fact that 199 names have been restored to her padded school census. But what about the other 956 names that were forged by Lexington's Democratic census-takers? Is it not a Penitentiary offense to attempt to defraud the State?

SIGNOR MARCONI is indebted to one JACK BINNS for an extraordinary boom in the wireless telegraph business. The wireless is to go on every ship carrying fifty or more passengers, and the result will be that the wireless system will increase a hundred fold. This hero business seems to pay every one else except the heroes themselves.

WHEN the Bluegrass League opens the season at Frankfort April 30th Governor WILLSON will pitch the first ball across the plate, and the game will be preceded by a monster parade, headed by the Governor, Lieutenant-Governor and the State officials. This is evidence that Frankfort is waking up. Any city or community that enthuses over baseball is very much alive. According to this theory Maysville is a dead one, for interest in baseball seems entirely a case of suspended animation.

WHY not canned sermons? Cannot the Edison graphophone be utilized in many Churches that are not able, financially, to employ a regular Preacher? In the eternal up-to-dateness of things, why not be up-to-the-second, while we are about it? Of the billions of dollars invested

“in religion” throughout the world, in Church property, salaries, expenses, etc., how much of it is truly dedicated to God and really consecrated to the living Gospel of Jesus Christ? It also seems to be harder for a camel to walk through the eye of a needle than for a Minister to please a congregation or for a congregation to please a Minister—unless, both cater to the temporal, or secular side of religion. To hew to the line of absolute scriptural orthodoxy in 1909 would be at the risk of many a Preacher's job. There is now a move being started to abridge, condense, boil down, modify and shorten, long-winded sermons. In Missouri the Preachers themselves, while not exactly going out on a strike, are agitating and advocating the “25-minute sermon.”

We have the 2-minute race horse and the mile-a-minute express train. Why not the 20-minute Preacher? Ten minutes would be too long for many of them, while an hour seems a brief time, very often, when the inspirator is turned on just right and the right man is in the pulpit.

PICKING ALSO RANS.

“What is the race problem, Professor?”
“Picking winners,” responded the Professor absently.

Mr. and Mrs. Monroe Walker and Mr. Edward Thomson of Lewis county, Mrs. H. L. Newell and Mr. and Mrs. W. H. Means of this city left this morning for Ripley to attend the funeral of the late Thomas S. Thomson.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—“I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well

In all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends.”—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

SOFTNESS OF SEALSKIN.

In Rivalry by Human Hair Where Dandruff is Encountered.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newhro's Hericide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Securing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newhro's Hericide. Sold by leading druggists. FLOOD NOT'S.

At August 1—The heaviest rain for years fell in that section, doing great damage all over the county. A fifty-foot iron bridge was washed away on Camp Creek.

At Ripley, Ohio—After incessant rain the river has been rising six inches an hour since. Much damage was done to crops and roads. Many families were compelled to flee from their homes in Stringtown, the torrents rushing through their buildings.

At Dover—it has been raining steadily here for the past 15 hours and much damage has been done. The streets are full of water, as the sewers are entirely inadequate to carry the water off. The Ohio river since morning has risen three feet.

Taylorville, a town of nearly 2,000 inhabitants and the county seat of Spencer county, Ky., is six feet under water as a result of the overflow from Salt river and Shetrons Creek.

Reports from thirty Kentucky counties indicate that about 100 bridges have so far been washed away. The water at Gradyville was nearly the same height as two years ago, where two persons were drowned. The Kentucky river rose 25 feet in eight hours.

Within a half mile of the business center of Losville 180 beef cattle were drowned in the stock pens of the Fern Cliff Distillery at Lampert and Legion streets. The cattle that were not chained in the pens were swept down Bear Grass Creek into the Ohio.

Anyone should tell you that it requires no unusual amount of intelligence to select suitable wearing apparel with the present-day methods at one's disposal agree with them, for they tell the truth, but do not fail to mention that intelligence, and that of the highest type, is most essential in selecting the house that not only sells first-class clothing, but that displays the correct styles.

Once you have decided in our favor, a further display of intelligence is unnecessary; in fact, you would be perfectly safe in selecting the style blindfolded, merely repeating the words, "My mother told me to take this one."

W. F. Cole of Ripley was here last week, visiting his uncle, A. S. Cole, and other relatives.

The LEDGER Editor has promised us more news. Hope he will keep his word. Let us have 'em.

From the literature received by the Lincoln Farm Association Committee here we will all have a chance to contribute our mite in said Pack and Memorial.

Mrs. A. S. Cole gave a social and birthday dinner last Saturday, the 20th, in honor of her husband's 65th birthday. It would be a good idea to have more of such social gatherings, as it's a good way to mitigate selfishness and make us all better citizens in a great many ways.

SPRINGDALE.

The spirit of improvement is in our community. Houses, barns and fences are being built anew, while old ones are being repaired.

Mr. and Mrs. John Morgan had a narrow escape from drowning recently, as neither of them could swim. They were crossing the backwater in a leaky skiff, when it sank. Fortunately they were near a tree, to which they clung 'till their calls for help aroused neighbors. They were in the water a half hour and were nearly exhausted when rescued.

One of the most enjoyable events of the winter, and one that will long be remembered by those present, was a birthday dinner at the pleasant home of Hon. and Mrs. Abram Cole Saturday, the 20th. The handsomely decorated rooms were filled to their capacity with friends and relatives. Masonic and general conversation chased the hours all too rapidly. At 2 p.m. the dining-room, a bower of beauty and fragrance, was thrown open and the guests partook of a dinner, of which no more need be said than that it was fine in every respect and did ample credit to the artistic culinary ability of the charming hostess. About fifty guests were present, among whom were Misses Lucy and Anna Henderson, who added much to the enjoyment of the occasion by their delightful performance on violin and organ. Mr. Cole is a handsome, well preserved man, and claimed to be 65 years of age, but his guests agreed that he undoubtedly was a decade younger. The same may be said of Mrs. Cole, who is about 10 years his junior. It was a beautiful day and the young people enjoyed games in the yard. It was late in the afternoon when the guests departed, wishing their host many happy returns of the day.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back.

A lame, weak or aching one. Would you experiment on it?

You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony.

Home endorsement is the proof that backs every box of Doan's Kidney Pills.

R-e-d this case:

J. M. Lloyd, farmer, R. F. D. No. 5, Maysville, Ky., says:

"I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it will be the means of helping some other sufferers from kidney trouble in finding relief.

About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. I at length heard of Doan's Kidney Pills, procured a box at J. J. Wood & Son's Drugstore and began using them. They effected a complete cure, and since then I have not had backache or any other symptom of kidney trouble."

For sale by all dealers. Price 50 cents.

The Carlisle Mercury says: "Hon. C. S. Templeman sold 125 bushels of white seed corn to Hon. M. C. Rankin, Commissioner of Agriculture, for distribution over the State. We understand the price paid was \$2 a bushel."

About fifty candidates for the Order of Mystic Shrines were initiated Monday last by Oleka Temple of Lexington, the initiation being followed by a reception and ball. Among the number to take the Degree were Messers. Shelly M. Blatterman of Maysville and Samuel F. Daugherty of this city.
